St Luke's CE Aided Primary School Online Safety Policy

1. Policy aims

- This online safety policy has been written by St Luke's CE Aided Primary School involving staff, learners and parents/carers, building on the Kent County Council/The Education People online safety policy template, with specialist advice from Online Behaviours Ltd.
- It takes into account the DfE statutory guidance ['Keeping Children Safe in Education' 2020, Early Years and Foundation Stage](#) 2017 ['Working Together to Safeguard Children'](#) and DfE ['Safeguarding and remote education during coronavirus \(COVID-19\)'](#)
- St Luke's CE Aided Primary School is currently operating in response to coronavirus (Covid-19); our safeguarding principles in accordance with 'Keeping Children Safe in Education' (KCSIE) 2020 and related guidance, however, remain the same.
 - Where children are asked to learn online at home in response to a full or partial closure, St Luke's CE Aided Primary School will follow expectations as set out within the Safeguarding & Child Protection Policy and in line with DfE Guidance, ['Safeguarding and remote education during coronavirus \(COVID-19\)'](#) 2020.
- The purpose of St Luke's CE Aided Primary School online safety policy is to
 - safeguard and promote the welfare of all members of St Luke's CE Aided Primary School community online.
 - identify approaches to educate and raise awareness of online safety throughout our community.
 - enable all staff to work safely and responsibly, to role model positive behaviour online and to manage professional standards and practice when using technology.
 - identify clear procedures to follow when responding to online safety concerns.
- St Luke's CE Aided Primary School identifies that the issues classified within online safety are considerable but can be broadly categorised into three areas of risk.
 - **Content:** being exposed to illegal, inappropriate or harmful material
 - **Contact:** being subjected to harmful online interaction with other users
 - **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm.

2. Policy scope

- The setting will establish and embed a whole school culture and will raise awareness and promote safe and responsible internet use amongst learners by:
 - ensuring our curriculum and whole school delivery is developed in line with the UK Council for Internet Safety (UKCIS) [‘Education for a Connected World Framework 2020’](#) and DfE [‘Teaching online safety in school’](#) guidance.
 - ensuring online safety is addressed, where appropriate, within Relationships Education, Relationships and Sex Education, Health Education, Citizenship and Computing programmes of study.
 - reinforcing online safety principles in other curriculum subjects as appropriate, and whenever technology or the internet is used on site.

 - creating a safe environment in which all learners feel comfortable to say what they feel, without fear of getting into trouble and/or being judged for talking about something which happened to them online.
 - involving the DSL (or a deputy) as part of planning for online safety lessons or activities, so they can advise on any known safeguarding cases, and ensure support is in place for any learners who may be impacted by the content.
 - making informed decisions to ensure that any educational resources used are appropriate for our learners.
 - using external visitors, where appropriate, to complement and support our internal online safety education approaches.
 - providing online safety education as part of the transition programme across the key stages and/or when moving between establishments if appropriate.

 - displaying acceptable use posters in all rooms.
 - informing learners that network and internet use will be monitored for safety and security purposes, and in accordance with legislation.
 - seeking learner voice when writing and developing online safety policies and practices, including curriculum development and implementation.
- St Luke’s CE Aided Primary School will ensure learners develop the underpinning knowledge and behaviours needed to navigate the online world safely, in a way which suits their age and ability by:
 - ensuring age appropriate education regarding safe and responsible use precedes internet access.

- teaching learners to evaluate what they see online and recognise techniques used for persuasion, so they can make effective judgements about if what they see is true, valid or acceptable.
- educating them in the effective use of the internet to research, including the skills of knowledge location, retrieval and evaluation as well as how to avoid infringing copyright and plagiarism.
- enabling them to understand what acceptable and unacceptable online behaviour looks like.
- preparing them to identify possible online risks and make informed decisions about how to act and respond.
- ensuring they know how and when to seek support if they are concerned or upset by something they see or experience online.

5.2 Vulnerable Learners

- St Luke's CE Aided Primary School recognises that any learner can be vulnerable online, and vulnerability can fluctuate depending on their age, developmental stage and personal circumstances. However, there are some learners, for example looked after children and those with special educational needs, who may be more susceptible or may have less support in staying safe online.
- St Luke's CE Aided Primary School will ensure that differentiated and appropriate online safety education, access and support is provided to vulnerable learners.
- Staff at St Luke's CE Aided Primary School will seek input from specialist staff as appropriate, including the DSL, SENCO, Child in Care Designated Teacher to ensure that the policy and curriculum is appropriate to our community's needs.

5.3 Training and engagement with staff

- We will
 - provide and discuss the online safety policy, AUPs and procedures with all members of staff as part of induction.

 - requiring them to read our acceptable use policies and discuss the implications with their children.

6. Reducing Online Risks

- St Luke's CE Aided Primary School recognises that the internet is a constantly changing environment with new apps, devices, websites and material emerging at a rapid pace.
- We will
 - regularly review the methods used to identify, assess and minimise online risks.
 - Examine emerging technologies for educational benefit and undertake appropriate risk assessments before their use in the school is permitted.
 - ensure that appropriate filtering and monitoring is in place and take all reasonable precautions to ensure that access is appropriate.
 - recognise that due to the global and connected nature of the internet, it is not possible to guarantee that unsuitable material cannot be accessed via our systems or devices and as such identify clear procedures to follow if breaches or concerns arise.
- All members of the community are made aware of our expectations regarding safe and appropriate behaviour online and the importance of not posting any content, comments,

images or videos which could cause harm, distress or offence. This is clearly outlined in our acceptable use of technology policies and highlighted through a variety of education and training approaches.

- The leadership team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate.
- The governors and leaders are mindful to ensure that "over blocking" does not unreasonably restrict access to educational activities and safeguarding materials.
- All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard learners; effective classroom management and regular education about safe and responsible use is essential.
