At St Luke's Church of England (Aided) Primary School, we value the feedback we receive from our parents/carers. Parents/carers completed and returned the evaluation forms after the **Maths Workshops held in Autumn term 2017**. Maths Workshops are for Parents/Carers to come into school and see how and what their child is learning in Maths. Each term has a focus. This Term, KS1 focused on Place Value and Number and KS2a and KS2b focussed on Fractions. From the evaluation forms that were returned, responses were analysed and the results are as follows and comments made to any issues highlighted:
